

Safety Data Sheet (SDS) Statement of Exemption

Product Name: African Swine Fever Virus DNA Test Kit
VetAlert™ ASF Real-Time PCR

Catalog Number: TC-9096-096

This product does not contain hazardous substances at or above national regulatory thresholds (does not contain more than 1% of a component classified as hazardous and does not contain more than 0.1% of a component classified as a carcinogenic) that would require an SDS. This product is exempt from the Occupational Safety and Health Administration Hazard Communication (29 CFR 1910.1200) as stated below:

§ 1910.1200 Hazard communication

(b) (1)

This section requires chemical manufacturers or importers to classify the hazards of chemicals which they produce or import, and all employers to provide information to their employees about the hazardous chemicals to which they are exposed, by means of a hazard communication program, labels and other forms of warning, safety data sheets, and information and training. In addition, this section requires distributors to transmit the required information to employers. (Employers who do not produce or import chemicals need only focus on those parts of this rule that deal with establishing a workplace program and communicating information to their workers.)...

(b) (6)

This section does not apply to: (b) (6) (xii) Biological hazards.

This statement is distributed in lieu of a SDS. However, when working with this product, we always recommend the use of appropriate personal protective equipment (PPE). Tetracore assumes no liability for damage resulting from handling or contact with this product.
